SACRAMENTO, CALIFORNIA

~~NOTICE OF AMENDED LOCATION OF~~
VIRGINIA PLACER MINING CLAIM

~~KNOW ALL MEN BY THESE PRESENTS THAT DOROTHY OUSLEY, ALENE BLACKMUN, JAMES V. WISEMAN, CHARLES E. OUSLEY, KENNETH B. OUSLEY, VIRGINIA WISEMAN, LYNN A. BLACKMUN and MARGARET OUSLEY, the undersigned citizens of the United States over the age of 21 years, have this 29th day of May, 1955, amended, located and claimed, and by these presents do amend, locate and claim by right of discovery and amended location, in compliance with the mining acts and laws of Congress and the local customs and laws and the laws of the State of California, 160 acres of placer mining ground, said discovery being within the lines of said claim and in an unknown mining district which may be called the Argus Mining District, in the County of Inyo, State of California, and which said claim is described as follows:~~

VIRGINIA, being a placer mining claim, located and situated on public surveyed land and described as the East half of the Southeast quarter of Section 12, in Township 21 South, Range 42 East, M.D.M., and the West half of the Southwest quarter of Section 7, Township 21 South, Range 43 East, M.D.M., containing 160 acres.

This being the same placer mining claim originally located on the 29th day of March, 1955, the Notice of Location of which was recorded March 31, 1955, in Book 72 of Mining Locations, at pages 608 and 609, records of Inyo County. It is known as VIRGINIA and is owned by the undersigned and above-named owners.

~~This further and amended notice of location is made without waiver of any previously acquired rights and is for the purpose of correcting errors in the description of the legal subdivisions contained in the original Notice of Location and correcting an error in the description of the position of the discovery monument in the original Notice of Location, and more definitely describing the situation and boundaries of said claim by proper reference to legal subdivisions, and supplying omissions and correcting any defects which may have existed in the original Notice of Location, and to appropriate all ground within the boundaries hereinbefore described. The position of the discovery monument is erroneously described in Paragraph (3)(b) of the original Notice as being on the south line of the claim. Said monument was substantially constructed of rock and stone and was more than 18 inches in height and was erected on the date of the location of the claim well within the boundaries of the claim. Said monument has always been situated at this position and not at the position described in the original Notice of Location. The error in the original Notice resulted from an ineffective attempt to conform to the partially printed material in the original printed Notice.~~

~~This Notice is intended as an Amended Notice of Location and is posted on the claim this date, and a true copy is to be recorded with the recorder of said County.~~
