Inyo County Health and Human Services Public Health and Prevention would like to thank the community for their incredible generosity during our 2023 Toy Drive.

The overwhelming generosity of our community nearly doubled the number of gifts received compared to last year, ensuring over 600 low-income children throughout Inyo County received a gift this holiday season.

As we reflect on this incredible outpouring of kindness, we extend our heartfelt gratitude to every individual, organization, and business that contributed to making the 2023 Toy Drive an enormous success.

In the spirit of the holiday season and looking ahead to the new year, Inyo County Health and Human Services Public Health and Prevention wishes everyone a joyous and healthy 2024. We look forward to extending our reach and helping even more children next year.
