“Truly impressed” by students at Lo-Inyo

We would like to thank all of you for helping to make the Dental Fair and Sealant Program (part of the Inyo County Community Oral Health Initiative) a great success. We were afforded the cooperation, time and space to provide the dental screening examinations and placement of the dental sealants.

Most notably, however, was the exemplary behavior by the students at the school. These children showed genuine interest in the presentations on nutrition and oral hygiene. During the examination and the placement of the sealants, the students were model citizens of respect and patience. We were truly impressed by the students of Lo Inyo!

Thank you all,

Ron M. Borin, DDS
Cara Borin, RDH
