Motion carried unanimously.
  
- Probation – Juvenile    The County Administrator introduced the topic of the Juvenile Services Transition Plan. He Services Transition     provided a brief synopsis of the items that will be discussed and for which staff is seeking Board Plan                            direction. The Board, the Chief Probation Officer, the County Administrator, Assistant Health and Human Services Director, Marilyn Mann, and other staff, discussed the proposed actions concerning the Transition Plan, including budget options, various alternatives, stakeholder engagement, out-of-county placement, staffing, employment requirements, and the Court school. Dr. Terrance McAteer, Superintendent of Schools, talked about educational requirements, the need

for vocational training for marketable skills, recreational activities, and after school activities.

Dr. McAteer offered the Jill Kinnmont Booth School facility as a location for an Area Resource Center. Dr. Gayle Zweir, Behavioral Health Director, talked about the importance of the concept of the family as alternatives are developed. Representatives of the Inyo County Correctional Peace Officers Association addressed the Board about their concern about loss of jobs, as well as the idea of changing the job descriptions for the Juvenile Counselors to encompass Health and Human Services activities in order to maximize categorical funding instead of general fund. Charles James of Big Pine, supported the recommendations and suggested that these efforts be redirected to include all youth and not just at risk youth. Moved by Supervisor Kingsley and seconded by Supervisor Totheroh, to direct staff to implement a Juvenile Services Transition Plan consisting of the following actions with associated timelines for reporting back to the Board:

1. The Probation Department is directed to research out-of-county placement contracts for the range of the County's foreseeable juvenile detention needs, and to provide a report to the Board of Supervisors, no later than April 5, 2016. The report should describe facilities interested in contracting with Inyo County, a description of the contract terms proposed by each facility, and a recommendation of which facility or facilities, if any, the County should pursue contracts with for future consideration and approval by the Board May 10, 2016, to be effective July 1, 2016.
2. The Probation Department is directed to research and prepare a report to the Board of Supervisors, no later than March 15, 2016, describing the requirements and steps necessary to operate the Juvenile Hall as a "special purpose facility" (aka "weekend-only" facility) by July 1, 2016, including a draft of any necessary notifications or applications for consideration by the Board of Supervisors.
3. In conjunction with preparing the "special purpose facility" report and notice or application requested above, the Probation Department is directed to prepare, with review from the Inyo County Personnel Office and Budget Office, a report to the Board of Supervisors, by March 15, 2016, describing options for providing 72-hour detention placement that can be implemented July 1, 2016; including but not limited to contracting with neighboring counties, using an on-call system to utilize the Juvenile Hall, or a modified in-county holding facility.
4. The Chief Probation Officer and Health and Human Services Director are directed to develop and present a joint plan to ultimately establish a co-managed and co-located Area Resource Center, by May 3, 2016. The joint report should identify phases of development, targeting the Center, or at least its initial programming to be operational by July 1, 2016 to serve juveniles under the supervision of the Probation Department and at-risk youth participating in similar HHS programs. Initially, the Area Resource Center may be an array of programs offered at dispersed locations to the extent that the envisioned programs and services are deemed similar, a beneficial enhancement, or otherwise appropriate. The joint plan should describe opportunities to expand the Area Resource Center to serve adult populations currently participating in programs and services administered by the Health and Human Services Department and/or under the supervision of the Probation Department, at a centralized, co-managed location, such as a consolidated County office building or stand-alone facility.

Furthermore, the Plan is expected to:

- a. Provide the estimated budget for each phase of the Area Resource Center, including identifying the cost of facilities and equipment, personnel, and, delivery of program and services, and associated sources of funding. Opportunities to maximize the use of categorical funding from HHS or Probation are to be identified and emphasized;
- b. For each phase of development of the Area Resource Center, identify programs currently or proposed to be provided through the Probation Department that could be provided by the Health and Human Services Department as a means of either: a) providing more specialized services; and/or b) using categorical funding to off-set General Fund costs;
- c. Identify the personnel positions necessary to operate each phase of the Area

Resource Center, and associated programming, using existing County staff; indicating when and what type of changes, if any, may be necessary to associated job descriptions to facilitate the work and maximize use of categorical funding;

- d. Acknowledge input from community and regional partners and stakeholders, and identify resources that can be contributed by, or provided to the County's partners with associated contributions and costs being quantified;
- e. Examine facility options for housing each phase of the Area Resource Center;
- f. Contemplate how to deliver Area Resource Center programs and services to remote populations in the County and provide estimated costs;
- g. Provide an opportunity for the Chief Probation Officer and Health and Human Services Director to provide, through the jointly prepared plan, differing recommendations for how the Area Resources Center is developed, staffed, programmed, and operated. Any alternate recommendations must be supported with the department heads' rationale, including staffing levels, associated costs, and source of funding.
- h. Vet all fiscal and personnel assumptions in the joint plan through the County Budget and Personnel Office, respectively, before being presented to the Board of Supervisors.

5. The Probation Department and Health and Human Services Department are expected to proactively and positively engage with community partners and regional stakeholders, including the County schools, Superior Court, City of Bishop, Mono County, and Inyo County staff (in conjunction with the County Personnel Office).

Motion carried unanimously.
