## Inyo County Implements Public Health Precautions

In light of the serious threat to public health posed by the worldwide outbreak of Novel Coronavirus (COVID-19), the County of Inyo is implementing emergency measures at County operated campgrounds and other County facilities. These measures include restricting walk-in services at some offices and full closures of other facilities. The County does not take these measures lightly and is basing these decisions on guidance from the Federal government, guidance from the California Department of Public Health, and guidance and executive orders from Governor Gavin Newsom in consultation with the Inyo County Public Health Officer.

The closures and restrictions below are designed to protect our employees and the public at large while continuing to provide for the community's needs. As we all know by now, this situation is extremely fluid and changes rapidly. We expect to see additional restrictions in the days to come and will advise the public as they occur.

Effective immediately, the following offices will be closed to the public and/or suspending walk-in service *(please bear in mind that departments not listed here are still open to the public, at this time; however it is recommended that people conduct business with the County via phone and email to the extent possible, and to not visit any County offices in person if they are experiencing illness):*

### CLOSURES OR RESTRICTIONS TO WALK-IN SERVICE

#### Clerk-Recorder

As a precautionary measure to help slow the spread of COVID-19, the Inyo County Clerk-Recorder's Office will not be able to provide services for walk-in customers until further notice. Most, if not all, of our services are available through the mail or online at [inyocounty.us](http://inyocounty.us).

#### Agricultural Commissioner

Offices will be closed to walk-in traffic only beginning immediately. At this point, the Ag Commissioner does not expect to reduce services, but will ask that Inyo and Mono County residents in need of assistance contact the office by phone at (760) 873-7860 or by email at [inyomonoag@gmail.com](mailto:inyomonoag@gmail.com). This email is accessible by all of our employees and as such is the best option we have for general inquiries. If there is a business transaction that requires a face-to-face meeting, staff can accommodate individuals by appointment by contacting the office at the phone or email previously provided.

Inspection activities will continue with some small mitigations put in place to help reduce exposure, such as delaying retail fuel meter inspections unless a complaint is filed (gas pumps are dirty), wearing additional personal protective equipment, and doing inspections that have less exposure to the public.
