

HAT CREEK CONSTRUCTION & MATERIALS, INC.

“WE SPECIALIZE IN SATISFIED CUSTOMERS”

South Lake Road Construction Information

The construction schedule remains Monday – Friday, 6:00 am to 8:00 pm. Expect up to 30-minute delays. Flaggers and a pilot car will manage traffic, allowing alternating two-way traffic.

Overnight Parking Restriction

Overnight parking will not be allowed in the South Lake parking lot starting July 6th. Work in the parking lot is anticipated to end July 25th. Parking will be restored after the work is complete. There is no parking permitted along roadside shoulders during the construction project.

No overnight parking is available for anyone starting or ending a hike at the Bishop Pass Trailhead during this time.

Hikers entering or exiting the Bishop Pass Trail at South Lake should plan their trips in accordance with the reconstruction schedule. Hikers need to plan for travel delays, re-routed trailhead access, understand that long-term parking is not available, plan to be picked up or dropped off at the trailhead, and consider shuttles to/from trailheads, and alternative trails for resupply, if possible.

Hiker Shuttles: Eastern Sierra Transit Authority (ESTA)'s Bishop Creek Shuttle is running twice daily
