

Let's Clear the Air

Inyo County is seeking proposals for community projects that will reduce particulate pollution in the Owens Valley Planning Area from Tinemaha Reservoir south to Haiwee Reservoir (see online map). Under the Clean Air Projects Program (CAPP II), up to \$1,400,000 is available to fund projects that directly or indirectly reduce air pollution emissions.

Any resident, organization, or entity, may submit a Proposal by March 31, 2022. Project examples, proposal guidelines, maps, and other helpful information can be found on the CAPP II website (scan QR code below):

www.inyocounty.us/government/clean-air-projects-program-ii

To answer questions and help applicants prepare competitive proposals, plan to attend one of two virtual workshops scheduled for 9 am and 6 pm on Thurs. January 20, 2022. Check the website for a link to the workshops. For additional information please call 760-878-0011, or email InyoCAPPII@inyocounty.us.

The Clean Air Projects Program is a joint initiative of the Great Basin Unified Air Pollution Control District and Los Angeles Department of Water & Power; and is administered by Inyo County
