Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

 As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2024 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2024 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

 Your CoC Must Approve the Consolidated Application before You Submit It
 - 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2024 CoC Program Competition on behalf of your CoC.
 - 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions
 Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

 Attachments
 Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.
 - Attachments must match the questions they are associated with–if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.
 - We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

(limit 2,500 characters)

The Coordinated Entry System includes protocols to ensure the safety of individuals fleeing domestic violence, dating violence, sexual assault and stalking. Minimum safety planning includes a threshold assessment for presence of a participant's safety needs, with referrals to appropriate trauma informed
services provided. The assessment process provides options and recommendations that guide and inform client choices, as opposed to rigid service requirements. The process also incorporates the participant's strengths, goals and protective factors to recommend options that best meet the needs and goals of the client. The protocols of the CES ensure that persons fleeing domestic violence have safe and confidential access to the system and domestic violence services. Any data that is collected is compliant with the Violence Against Women Act (VAWA).

3.	what your CoC requires households to do to request emergency transfers; and
4.	what your CoC does in response to households requesting emergency transfers.

(limit 2,500 characters)

The CoC currently does not have an emergency transfer plan in place. However, the CoC will be revising it's policies and procedures to include the requirements of the Violence Against Women's Act Reauthorization. With the geographic make-up of the CoC, with the counties being located in a very mountainous region, close collaboration with Wild Iris-the region's victim service provider-is necessary to ensure survivors access safe housing.

1C-5e.	Facilitating Safe Access to Housing and Services for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures households experiencing trauma or a lack of safety related to fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking have safe access to all of the housing and services available within your CoC's geographic area.

(limit 2,500 characters)

All individuals are able to access housing within the tri-county CoC through Coordinate Entry. This system has assessments in place to prioritize individuals fleeing domestic violence. Service providers providing rapid rehousing services maintain a protocol of client choice, meaning that an individual or family can choose where to receiving housing assistance and how they would like to receive services.

The difficulty with identifying systemic barriers is that the tri-county region's homeless population flows with the seasons. Inyo, Mono, and Alpine counties have a large influx of seasonal workers. This makes it difficult to identify safe year-round housing. Also, due to the seasonal nature of homelessness, it can be difficult to safely house survivors of domestic violence, dating violence, sexual assault, or stalking. For example, from November-March, the small towns in the region are snowed in, making it extremely difficult for the survivor to relocate to another town.

1C-5f.	Identifying and Removing Barriers for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

	Describe in the field below how your CoC ensures survivors receive safe housing and services by:
1.	identifying barriers specific to survivors; and
2.	working to remove those barriers.

(limit 2,500 characters)

Representatives of Wild Iris, the only victim service provider in the region, regularly attends CoC meetings. This agency's input regarding unique barriers a survivor of domestic violence faces is valued when evaluating the local coordinated entry processes and the revision of policies within the CoC. There is limited rapid rehousing funding available in the region, so close collaboration between Wild Iris and the local counties is crucial to identifying safe housing for survivors.

1C-6.		Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+–Anti-Discrimination Policy and Equal Access Trainings.	
		NOFO Section V.B.1.f.	

	1.	Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
	2.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	No
	3.	Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	No

1C-6a.	Anti-Discrimination Policy–Updating Policies–Assisting Providers–Evaluating Compliance–Addressing Noncompliance.	
	NOFO Section V.B.1.f.	

		Describe in the field below:
	1.	how your CoC regularly collaborates with LGBTQ+ and other organizations to update its CoC-wide anti-discrimination policy, as necessary to ensure all housing and services provided in the CoC are trauma-informed and able to meet the needs of LGBTQ+ individuals and families;
	2.	how your CoC assisted housing and services providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy;
	3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
	4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

The CoC has an anti-discrimination policy in place within the Coordinated Entry Policy/Procedure Manual and the ESG Written Standards. All agencies receiving funding through the CoC are required to have an anti-discrimination policy in place. A monitoring process will be developed, with one of the evaluation items being policy compliance. A process for addressing noncompliance will be developed alongside the monitoring process. As feedback is provided by homeless service consumers, updates to the CoC-wide policy will be made.

2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.

(limit 2,500 characters)

The CoC has tried to engage the PHA in the planning process and has reached out to representatives at Stanislaus Housing Authority. This number is a calculation of the percentage of new and renewal PSH, RRH, SSO non-Coordinated Entry, Safe Haven, and Transitional Housing projects the CoC has ranked in its CoC Priority Listing in the FY 2024 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	0%

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section V.B.1.i.	

You must upload the Housing First Evaluation attachment to the 4B. Attachments Screen.
Describe in the field below:

1.	how your CoC evaluates every project–where the applicant checks Housing First on their project application–to determine if they are using a Housing First approach;	
2.	the list of factors and performance indicators your CoC uses during its evaluation;	
3.	how your CoC regularly evaluates projects outside of your local CoC competition to ensure the projects are using a Housing First approach; and	
4.	what your CoC has done to improve fidelity to Housing First.	

(limit 2,500 characters)

The CoC did not receive applications for funding. All agencies applying for funding within the CoC must comply with Housing First. During Rating and Review, the
Committee would have reviewed specific questions within the application and the agency's Housing First Self Assessment to ensure applicants are following Housing First policies. This includes questions asking if the project will terminate or deny access to services based on certain criteria. If requested, assistance is provided to agencies with no knowledge of how to implement a Housing First approach. An formal evaluation process will be created to ensure CoC-funded agencies continue to comply with Housing First. This evaluation may include a yearly review of agency policies and interviews with staff.
The CoC has not monitored for Housing First because funding has not been awarded in the past. However, monitoring will begin within the next year for all HUD and State-funded programs within the CoC.

1D-3.	Street Outreach–Data–Reaching People Least Likely to Request Assistance.	
	NOFO Section V.B.1.j.	

	Describe in the field below how your CoC tailored its street outreach to people experiencing homelessness who are least likely to request assistance.	

(limit 2,500 characters)

The CoC coordinates with homeless service providers within the CoC to identify and engage persons experiencing unsheltered homelessness in Alpine, Inyo and Mono Counties. This involves communicating directly with law enforcement and public land management agencies who inform the CoC about the locations and nature of persons experiencing homelessness. The CoC's outreach efforts cover approximately 20 percent of the geographic area due to inaccessibility and remoteness of the region. There are approximately 14,000 square miles of area in the CoC service area and much of it is in designated wilderness and does not have roads for access. The CoC conducts outreach to homeless persons in the most remote communities at least four times each year. The CoC contacts homeless persons at soup kitchens once a month and encampments or campgrounds at least twice a year. Street Outreach is directed at those least likely to request assistance by identifying individuals and families on the street or in campgrounds that have not been assisted previously. Often, these persons are referred to the CoC by concerned citizens and faith-based organizations.

1D-4.	Strategies to Prevent Criminalization of Homelessness.	
	NOFO Section V.B.1.k.	

Select yes or no in the chart below to indicate your CoC's strategies to prevent the criminalization of homelessness in your CoC's geographic area:

1.	Increase utilization of co-responder responses or social services-led responses over law enforcement responses to people experiencing homelessness?	Yes	Yes
2.	Minimize use of law enforcement to enforce bans on public sleeping, public camping, or carrying out basic life functions in public places?	Yes	Yes
3.	Avoid imposing criminal sanctions, including fines, fees, and incarceration for public sleeping, public camping, and carrying out basic life functions in public places?	Yes	Yes

1D-6.	Mainstream Benefits–CoC Annual Training of Project Staff.	
	NOFO Section V.B.1.m.	

Indicate in the chart below whether your CoC trains program staff annually on the following mainstream benefits available for program participants within your CoC's geographic area:

	Mainstream Benefits	CoC Provides Annual Training?
1.	Food Stamps	No
2.	SSI–Supplemental Security Income	No
3.	SSDI–Social Security Disability Insurance	No
4.	TANF–Temporary Assistance for Needy Families	No
5.	Substance Use Disorder Programs	No

	1D-6a.	Information and Training on Mainstream Benefits and Other Assistance.	
		NOFO Section V.B.1.m	

		Describe in the field below how your CoC:
	1.	works with projects to collaborate with healthcare organizations, including those that provide substance use disorder treatment and mental health treatment, to assist program participants with receiving healthcare services, including Medicaid; and
	2.	promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.

(limit 2,500 characters)

Alpine, Inyo, and Mono County Health and Human Service Departments and CoC member agencies assist homeless and at-risk of homelessness persons and families with mainstream benefits. The Counties and Tribal Organizations collaborate and coordinate services for participants to ensure that they receive entitled benefits. Service providers also utilize the assessments conducted in conjunction with the Coordinated Entry System to ensure that participants receive mainstream resources. The CoC provides information on mainstream resources and other available resources during regular meetings which are held quarterly. Northern Inyo Hospital staff are members of the CoC and collaborate with other stakeholders to help enroll participants in health insurance. The Inyo and Mono Counties Health and Human Services Departments
provide training on how to enroll program participants in Medicaid and access other benefits. Additionally, the region's managed care plans (MCP) sit on the CoC board. The MCPs incentivize agencies to provide community supports and encourage them to become Enhanced Care Management (ECM) agencies through CalAIM. As an ECM, agencies can connect clients to health resources through the CalAIM initiative.

	ID-7.	Partnerships with Public Health Agencies–Collaborating to Respond to and Prevent the Spread of Infectious Diseases.	
		NOFO Section V.B.1.n.	

		Describe in the field below how your CoC effectively collaborates with state and local public health agencies to develop CoC-wide policies and procedures that:
	1.	respond to infectious disease outbreaks; and
	2.	prevent infectious disease outbreaks among people experiencing homelessness.

(limit 2,500 characters)

The CoC works closely with the Counties of Inyo, Mono, and Alpine on a daily basis. As a result of the COVID-19 pandemic, the CoCs and Public Health implemented policies regarding the use of Emergency Operation Centers and protocols to continue providing services to individuals and households living in unsheltered environments. CoC-affiliated agencies have access to personal protective equipment and sanitation supplies to provide to people experiencing homelessness.

ID-7a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section V.B.1.n.	

	Describe in the field below how your CoC:
1.	effectively shared information related to public health measures and homelessness; and
2.	facilitated communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.

(limit 2,500 characters)

The CoC is a close-knit group of service providers consisting of street outreach, homeless service providers, and the Counties of Inyo, Mono, and Alpine. Because of this, information related to public health measures and homelessness are relayed quickly. During infectious disease outbreaks, the CoC meets regularly via ZOOM and/or Microsoft Teams to discuss safety measures, local restrictions and other information regarding public health. The Counties sit on the CoC board, so there is direct communication between the Counties and homeless service providers.

1D-8.	Coordinated Entry Standard Processes.	
	NOFO Section V.B.1.o.	

	Describe in the field below how your CoC's coordinated entry system:
1.	can serve everybody regardless of where they are located within your CoC's geographic area;
2.	uses a standardized assessment process to achieve fair, equitable, and equal access to housing and services within your CoC;
3.	collects personal information in a trauma-informed way; and
4.	is updated at least annually using feedback received from participating projects and households that participated in coordinated entry.

(limit 2,500 characters)

The tri-county service area for the Eastern Sierra CoC (CA-530) includes Alpine, Inyo and Mono Counties. The Coordinated Entry System (CES) covers 100% of the geographic area with multiple access centers/offices throughout the Eastern Sierra. The CoC uses a standardized assessment tool for all homeless populations and subpopulations. The Coordinated Entry Process is continuously being monitored, gathering input from representatives from the local tribal entity and victim service provider. The CES policies and procedures are reviewed annually and are updated as necessary. Agencies provide feedback from CES participants as it is gathered.

1D-8a.	Coordinated Entry–Program Participant-Centered Approach.	
	NOFO Section V.B.1.o.	

	Describe in the field below how your CoC's coordinated entry system:
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
2.	prioritizes people most in need of assistance;

	3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their needs and preferences; and
	4.	takes steps to reduce burdens on people seeking assistance.

(limit 2,500 characters)

The Coordinated Entry System (CES) includes marketing and access policies and procedures to reach people least likely to access homeless assistance. The policies are implemented by all CoC-affiliated agencies that are participating in the CES. Additionally, street outreach teams help ensure unsheltered individuals and households have access to the CES. The policies and procedures manual provides detail on how to prioritize the most vulnerable persons experiencing homelessness, using the standardized assessment tool. All agencies within the CoC are able to enter individuals into the CES, known as the "No Wrong Door" approach. This approach reduces some burdens individuals may experience using coordinated entry, as they may be more comfortable accessing the CES at specific agencies.

1D-8b.	Coordinated Entry–Informing Program Participants about Their Rights and Remedies–Reporting Violations.	
	NOFO Section V.B.1.o.	

	Describe in the field below how your CoC through its coordinated entry:	
1.	affirmatively markets housing and services provided within the CoC's geographic area and ensures it reaches all persons experiencing homelessness;	
2.	informs program participants of their rights and remedies available under federal, state, and local fair housing and civil rights laws; and	
3.	reports any conditions or actions that impede fair housing choice for current or prospective program participants to the jurisdiction(s) responsible for certifying consistency with the Consolidated Plan.	

(limit 2,500 characters)

With the very limited housing resources available, as is shown in the Housing Inventory Count, collaboration within the CoC is crucial for the successful placements of individuals experiencing homelessness. As rapid rehousing (RRH) and permanent supportive housing (PSH) units become available, notice is sent to all CoC-affiliated agencies. The three (3) County Health and Human Services agencies have fair housing and civil right laws posted publicly for participant review. If any impediments to fair housing are identified, the CoC will work with the client and California Rural Legal Assistance (CRLA) to remedy any issue.

1D-9.	Advancing Racial Equity in Homelessness–Conducting Assessment.	
	NOFO Section V.B.1.p.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	No
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	

1D-9a.	Using Data to Determine if Racial Disparities Exist in Your CoC's Provision or Outcomes of CoC Program-Funded Homeless Assistance.	
	NOFO Section V.B.1.p.	

	Describe in the field below:	
1.	the data your CoC used to analyze whether any racial disparities are present in your CoC's provision or outcomes of CoC Program-funded homeless assistance; and	
2.	how your CoC analyzed the data to determine whether any racial disparities are present in your CoC's provision or outcomes of CoC Program-funded homeless assistance.	

(limit 2,500 characters)

The CoC has not conducted a formal racial equity assessment, but demographic data from the annual Point-in-Time (PIT) Count is reviewed. As the CoC increases utilization of HMIS from service providers, regular monitoring of racial demographic data will be conducted. Additionally, representatives from entities serving region's federally-identified tribe regularly attend CoC meetings, providing input in how to best serve the indigenous population.

1D-9b.	Implemented Strategies to Prevent or Eliminate Racial Disparities.	
	NOFO Section V.B.1.p

10.	Is your CoC collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system?	Yes
11.	Is your CoC conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness?	Yes
	Other:(limit 500 characters)	
12.		

1D-9c.	Plan for Ongoing Evaluation of System-level Processes, Policies, and Procedures for Racial Equity.	
	NOFO Section V.B.1.p.	

	Describe in the field below your CoC's plan for ongoing evaluation of system-level processes, policies, and procedures for racial equity.

(limit 2,500 characters)

The CoC is currently increasing the number of service providers entering data into HMIS. As additional data is collected, the CoC will review the The CoC acknowledges the need to provide additional outreach to individuals with lived experience in leadership roles and decision-making processes. Agencies are encouraged to provide leadership opportunities to individuals with lived experience of homelessness, but additional outreach is needed. Currently, the CoC governance charter allows for at least on individual with lived experience of homelessness to sit on the Board.ethnic demographic of individuals accessing the homeless response system. The CA Dept. of Housing and Community Development has set forth requirements to improve on system performance measures (SysPM) as it relates to racial equity. As part of these requirements, the CoC will begin to track quantitative data from HMIS to further analyze racial equity in the local homeless response system. These data reports will help the CoC to review its policies and procedures with an equity lens.

1D-9d.	Plan for Using Data to Track Progress on Preventing or Eliminating Racial Disparities.	
	NOFO Section V.B.1.p.	

	Describe in the field below:	
1.	the measures your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance; and	
2.	the tools your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance.	

(limit 2,500 characters)

The CoC will use both quantitative and qualitative data to track progress on preventing or eliminating racial disparities. The CA Department of Housing and Community Development has required CoCs to improve on system performance measures (SysPM) as it relates to racial equity in order to receive funding through the Homeless Housing Assistance and Prevention (HHAP) program. The CoC will be analyzing racial disparity data using demographic information from the Homeless Management Information System (HMIS) and annual Point-in-Time Count (PIT). Additionally, the CoC will review qualitative data from targeted outreach to those over-represented in the homeless response system.

1D-10.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC's Outreach Efforts.	
	NOFO Section V.B.1.q.	

Describe in the field below your CoC's outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decisionmaking processes.

(limit 2,500 characters)

The CoC acknowledges the need to provide additional outreach to individuals with lived experience in leadership roles and decision-making processes. Agencies are encouraged to provide leadership opportunities to individuals with lived experience of homelessness, but additional outreach is needed. Currently, the CoC governance charter allows for at least on individual with lived experience of homelessness to sit on the Board.

	NOFO Section V.B.1.q.	

You must upload the Lived Experience Support Letter attachment to the 4B. Attachments Screen.
Enter in the chart below the number of people with lived experience who currently participate in your CoC under the four categories listed:

	Level of Active Participation	Number of People with Lived Experience Within the Last 7 Years or Current Program Participant	Number of People with Lived Experience Coming from Unsheltered Situations
1.	Routinely included in the decisionmaking processes related to addressing homelessness.	0	0
2.	Participate on CoC committees, subcommittees, or workgroups.	0	0
3.	Included in the development or revision of your CoC's local competition rating factors.	0	0
4.	Included in the development or revision of your CoC's coordinated entry process.	0	0

1D-10b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

The CoC encourages all partner agencies to provide professional development and employment opportunities to individuals with lived experience of homelessness. Agencies connect individuals to the Counties' Health and Human Services Agencies to enroll them in the Welfare to Work Program, allowing clients to have access to gainful employment. Additional, employment training is provided through partner agencies.

1D-10c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

	Describe in the field below:
1.	how your CoC gathers feedback from people experiencing homelessness;
2.	how often your CoC gathers feedback from people experiencing homelessness;
3.	how your CoC gathers feedback from people who received assistance through the CoC Program or ESG Program;
4.	how often your CoC gathers feedback from people who have received assistance through the CoC Program or ESG Program; and
5.	steps your CoC has taken to address challenges raised by people with lived experience of homelessness.

(limit 2,500 characters)

Individuals with lived experience of homelessness are invited to attend the CoC meetings. Additionally, through relationship building, agencies are able to receive feedback from individuals on the effectiveness of the homeless response system. As challenges are raised, the CoC board begins conversations on how to best address the challenges, whether that be through policy revision or providing specific trainings to agencies. Within the next 12 months, the CoC will be conducting a needs assessment of the region, with the valuable input from individuals with lived experience being included.

1D-11.	Increasing Affordable Housing Supply.	
	NOFO Section V.B.1.s.	

	Describe in the field below at least two steps your CoC has taken in the past 12 months to engage city, county, or state governments that represent your CoC's geographic area regarding the following:
1.	reforming zoning and land use policies to permit more housing development; and
2.	reducing regulatory barriers to housing development.

(limit 2,500 characters)

The CoC coordinates closely with the local jurisdictions in response to the availability of affordable housing. As a result of this coordination, two of the three counties have permanent housing projects in development, and one county is seeking to change zoning laws to allow landowners to develop accessory dwelling units (ADU). This will increase the number of permanent housing units in the region.

You must upload the Local Competition Scoring Tool attachment to the 4B. Attachments Screen.
Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

	1.	Established total points available for each project application type.	Yes
	2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
	3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
	4.	Provided points for projects that addressed specific severe barriers to housing and services.	Yes
	5.	Used data from comparable databases to score projects submitted by victim service providers.	Yes

	6.	Provided points for projects based on the degree the projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.	Yes

	1E-2a.	Scored Project Forms for One Project from Your CoC's Local Competition. We use the response to this question and Question 1E-2. along with the required attachments from both questions as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below.	
		NOFO Section V.B.2.a., 2.b., 2.c., and 2.d.	

	You must upload the Scored Forms for One Project attachment to the 4B. Attachments Screen.
	Complete the chart below to provide details of your CoC's local competition:

	1.	What were the maximum number of points available for the renewal project form(s)?	100
	2.	How many renewal projects did your CoC submit?	0
	3.	What renewal project type did most applicants use?	PH-PSH

	1E-2b.	Addressing Severe Barriers in the Local Project Review and Ranking Process.	
		NOFO Section V.B.2.d.	

	Describe in the field below:
1.	how your CoC analyzed data regarding each project that has successfully housed program participants in permanent housing;
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
4.	the severe barriers your CoC considered.

(limit 2,500 characters)

The CoC did not receive any applications for new funding, and the CoC does not receive any renewal funds. However, the rating and ranking criteria for new project applications include how well the applicant agency plans to quickly move individuals and households from homelessness to permanent housing, including increasing access to employment and non-cash assistance. Additionally, the ranking tool provides additional points to agencies dedicating services to the chronically homeless and survivors of domestic violence.

	1E-3.	Advancing Racial Equity through Participation of Over-Represented Populations in the Local Competition Review and Ranking Process.	
		NOFO Section V.B.2.e.	

	Describe in the field below:
1.	how your CoC used input from persons of different races and ethnicities, particularly those over-represented in the local homelessness population, to determine the rating factors used to review project applications;
2.	how your CoC included persons of different races and ethnicities, particularly those over-represented in the local homelessness population in the review, selection, and ranking process; and

3.	how your CoC rated and ranked projects based on the degree that proposed projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and steps the projects took or will take to eliminate the identified barriers.

(limit 2,500 characters)

The CoC acknowledges its need to provide further outreach to obtain input from persons of different races in the rating factors. The CA Department of Housing and Community Development has required CoCs to improve outcomes regarding racial and gender equity. Using state criteria, the CoC has implemented similar requirements for agencies applying for CoC Program Funds. The 2024 Ranking included criteria on how well the applicant agency ensures racial and gender equity in housing delivery, housing services, and housing retention. The CoC openly encouraged any individual without conflict to serve on the CoC rating and ranking committee if applications were received. This year, we did not receive interest from those over-represented in the local homelessness population, nor did we receive applications for funding. The CoC acknowledges the need to conduct more target outreach regarding rating and ranking participation. However, agencies were ranked based on the degree to which racial equity was met. Applicant agencies were asked to describe their outreach to overrepresented individuals in the homeless populations. This criteria was worth 5 points within the CoC ranking tool.

1E-4.	Reallocation–Reviewing Performance of Existing Projects.	
	NOFO Section V.B.2.f.	

	Describe in the field below:	
	1.	your CoC's reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;
	2.	whether your CoC identified any low performing or less needed projects through the process described in element 1 of this question during your CoC's local competition this year;
	3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and
	4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.

(limit 2,500 characters)

The CoC does not receive program funds through the Continuum of Care Program Competition other than the Planning Grant.

2C-1.	Reducing the Number of First Time Homeless–Risk Factors Your CoC Uses.	
	NOFO Section V.B.5.b.	

	In the field below:
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;
2.	describe your CoC's strategies to address individuals and families at risk of becoming homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time

(limit 2,500 characters)

The CoC-affiliated agencies identify individuals or households at risk of homelessness through one-on-one conversations. The CoC also analyzes HMIS data and is included in strategy meetings with County Health and Human Services Agencies (HHSA) to identify risk factors to identify persons experiencing homelessness for the first time. Some risk factors include income to housing costs, limited alternate housing options, unstable employment, domestic violence, etc. The strategies implemented to reduce the number of first-time homelessness include providing homeless prevention assistance and working with the County HHSAs to enroll unemployed adults in the Welfare to Work Program. The Counties of Inyo, Mono and Alpine, in collaboration with the HMIS system administrator, are responsible for overseeing this strategy.

2C-1a.	Impact of Displaced Persons on Number of First Time Homeless.	
	NOFO Section V.B.5.b	

	Was your CoC's Number of First Time Homeless [metric 5.2] affected by the number of persons seeking short-term shelter or housing assistance displaced due to:

1.	natural disasters?	No
2.	having recently arrived in your CoC's geographic area?	No

2C-2.	Reducing Length of Time Homeless–CoC's Strategy.	
	NOFO Section V.B.5.c.	

	In the field below:	
1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;	
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.	

(limit 2,500 characters)

The lack of affordable housing in the region is the primary factor in the length of time an individual or household remains homeless. CoC stakeholders are collaborating to increase the number of rapid rehousing units available in the service area to quickly move individuals from temporary shelter to permanent housing. This is done through the close collaboration with the Counties' Health and Human Service Agencies who provide rental assistance and housing navigation services. The CoC identifies persons with longest length-of-time homeless through the Coordinated Entry System and the collection of HMIS data. CoC written standards and the Coordinated Entry System Policies prioritize persons who have been homeless for the longest period of time. Homeless service providers utilize the Coordinated Entry System to provide immediate emergency shelter and implement Housing First principles to secure permanent housing. The CoC board is responsible for seeing this strategy.

2C-3.	Successful Permanent Housing Placement or Retention –CoC's Strategy.	
	NOFO Section V.B.5.d.	

	In the field below:	
1.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;	
2.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.	

(limit 2,500 characters)

The primary limitation to providing permanent housing is the low availability of permanent supportive and rental housing. The CoC has been working with Eastern Sierra Community Housing (ESCH) and the Counties to increase the number of permanent housing units, with some success. The CoC continues to collaborate with the Health and Human Services Agencies (HHSA) to provide rental assistance and supportive services to individuals and families residing in emergency shelter, safe havens, and transitional housing. The region's managed care plans (MCP) have an incentives program in place for service providers to refer clients to tenancy supports. This program, through the CalAIM initiative, provides deposit assistance to clients enrolled under the specific MCP.Additionally, referrals are made to the Counties' HHSAs to enroll unemployed adults in the Welfare to Work Programs. This strategy helps ensure households and individuals have gainful employment, increasing the potential for housing stability. The Counties and ESCH are responsible for overseeing this strategy.

2C-4.	Reducing Returns to Homelessness–CoC's Strategy.	
	NOFO Section V.B.5.e.	

	In the field below:
1.	describe your CoC's strategy to identify individuals and families who return to homelessness;
2.	describe your CoC's strategy to reduce the rate that individuals and families return to homelessness; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

(limit 2,500 characters)

The CoC identifies individuals and families who return to homelessness through the analysis of HMIS data and Coordinated Entry assessments. If an individual or family returns to homelessness, case management and follow-up is provided to determine the reason for the loss of housing. Strategies to reduce the returns to homelessness include providing post-housing case management support, providing employment training to help ensure gainful employment, financial management classes and budgeting support, and other supportive services. The CoC is also working with the Stanislaus Regional Housing Authority to obtain Housing Choice Vouchers for the region. The CoC board is responsible for overseeing this strategy.

2C-5.	Increasing Employment Cash Income–CoC's Strategy.	
	NOFO Section V.B.5.f.	

	In the field below:
1.	describe your CoC's strategy to access employment cash sources;
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their employment cash income; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.

(limit 2,500 characters)

The primary strategy the CoC employs to increase the access of employment cash resources is to utilize the Coordinated Entry System to assess needs for employment assistance at program entry. Agency staff then make referrals to job training and/or other benefit support programs. The CoC membership works together to provide access to the CalWorks Program and connect individuals to local employers such as Northern Inyo Hospital, and Mammoth Mountain Resort. The CoC also works closely with the Counties' Health and Human Services agencies who offer employment training programs and general assistance. The CoC board is responsible for overseeing this strategy.

2C-5a.	Increasing Non-employment Cash Income–CoC's Strategy	
	NOFO Section V.B.5.f.	

	In the field below:
1.	describe your CoC's strategy to access non-employment cash income; and
2.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.

(limit 2,500 characters)

The CoC partners with the Counties' Social Service Agencies, Behavioral Health agencies and other SOAR agencies to help connect individuals and households with SSI and SSDI benefits. Additionally, families with children are referred to CalWORKS for benefits assistance. Additionally the counties' adult protective services provides assistance as necessary to connect individuals to eligible benefits. Furthermore, the region's managed care plans have numerous enhanced care management agencies to help connect individuals to health services and benefits. The CoC board and the Counties are responsible for overseeing this strategy.
