

RESIDENTIAL INFILL OPPORTUNITIES

Project Background

The County's 6th Cycle Housing Element Update identified several factors that pose constraints to housing development, including outdated zoning and General Plan requirements. In response, the County sought and was awarded grant funding from the California Department of Housing and Community Development ("HCD") to conduct a review of zoning and General Plan requirements, such as design and density requirements, and identify updates and modifications that could help accelerate infill housing, including accessory dwelling units, in the communities of Big Pine, Independence, and Lone Pine.

Project Components

The primary outcome of the project will be to identify updates and modifications to the zoning and General Plan requirements that could help accelerate infill housing in the communities of Big Pine, Independence, and Lone Pine. Project components include:

1. **Development and Design Standards Review:** review existing standards applicable to residential development, Accessory Dwelling Units, and second units.
2. **Vacant and Underutilized Lands Inventory:** establish a database of parcels in Big Pine, Independence, and Lone Pine that are either undeveloped (vacant) or not being used to their full potential (underutilized), which could be developed or redeveloped for residential uses.
3. **Infill Residential Capacity Study:** apply the existing standards to infill parcels and develop recommendations for modifications to the zoning and General Plan requirements that could create more opportunities for infill residential development.

Project Timeline

The project kicked off in January 2025 with an estimated completion in December 2025.

WAYS TO GET INVOLVED

Community outreach and engagement efforts will occur throughout the planning process.

COMMUNITY WORKSHOPS

Workshop #1: Introduction to the Project

COMMUNITY SURVEYS

Survey #1: Project Approach

The first survey seeks ideas about the project approach and potential recommendations related to infill residential opportunities. The survey is available online and hard copies will be available at the Big Pine, Independence, and Lone Pine Workshop #1 or by request made to the Planning Department.

- **Take the survey online:** www.surveymonkey.com/r/9QYQJ2W
- **Request a hard copy:** contact Danielle Visuaño, Senior Planner, Inyo County, dvisuano@inyocounty.us, (760) 878-0268.

Scan QR code for online survey:

Survey #1 is open from February 3, 2025, to March 7, 2025.

Survey #2: Findings and Recommendations

The second survey will seek feedback on the preliminary findings and recommendations. The survey will be available online and hard copies will be made available at the Big Pine, Independence, and Lone Pine Workshop #2 or by request made to the Planning Department. The survey link will be posted here when available. Survey #2 will be open from May 1, 2025 to June 6, 2025.

STUDY SESSIONS

The County will present the project to the Planning Commission and the Board of Supervisors at study sessions at key project milestones.

- **Planning Commission Study Session #1**

- Date: February 26, 2025
- Time: 10 am
- Location: 224 N. Edwards Street, Independence, CA

INYO COUNTY PROJECT HIGHLIGHT:

RESIDENTIAL INFILL OPPORTUNITIES

In Big Pine, Independence, and Lone Pine

PROJECT OVERVIEW

Inyo County is conducting a review of zoning and General Plan requirements and identifying modifications to development and design standards that could help accelerate infill housing and accessory dwelling units in the communities of Big Pine, Independence, and Lone Pine.

PROJECT COMPONENTS

- [Development & Design Standards Review](#)
 - Examine current rules for building homes, including Accessory Dwelling Units (ADUs) and second units, to identify improvements.
- [Vacant and Underutilized Lands Inventory](#)
 - Create a list of empty or underutilized properties in Big Pine, Independence, and Lone Pine that could be developed or redeveloped for housing.
- [Infill Residential Capacity Study](#)
 - Evaluate how current rules affect the ability to build on available land and suggest changes to zoning and planning requirements to make it easier to create new housing options.
