# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors County of Inyo Independence, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Inyo, California (the County), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated November 14, 2025.

#### **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2024-001 that we consider to be a material weakness.

570 N. Magnolia Avenue, Suite 100 Clovis, CA 93611

> tel 559.299.9540 fax 559.299.2344

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2024-002.

#### The County's Response to Findings

Price Parge & Company

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Clovis, California November 14, 2025

The Place to Be

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE, SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE AND SUPPLEMENTAL SCHEDULE OF THE CALIFORNIA OFFICE OF EMERGENCY SERVICES (CALOES) GRANTS EXPENDITURES

To the Board of Supervisors County of Inyo Independence, California

#### **Report on Compliance for Each Major Federal Program**

#### Opinion on Each Major Federal Program

We have audited the County of Inyo, California's (the County) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2024. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

570 N. Magnolia Avenue, Suite 100 Clovis, CA 93611

> tel 559.299.9540 fax 559.299.2344

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform
  audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence
  regarding the County's compliance with the compliance requirements referred to above and performing such
  other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2024-002. Our opinion on each major federal program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

#### **Report on Internal Control over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and Supplemental Schedule

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated November 14, 2025, which contained a qualified opinion on those financial statements. The First 5 Inyo County audit report included a qualified opinion for the governmental activities' opinion unit because the net pension liability and related deferred inflows/deferred outflows of resources had not been recorded, and those amounts could not be determined. We did not audit the financial statements of First 5 Inyo County, which is a discretely presented component unit of the County. Those financial statements were audited by other auditors whose reports thereon had been furnished to us, and our opinion, insofar as they relate to the amounts included for First 5 Inyo County, are based solely on the reports of the other auditors.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The accompanying Supplemental Schedule of California Office of Emergency Services (CalOES) Grants Expenditures is presented for purposes of additional analysis as required by CalOES and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In our opinion, the Schedule of Expenditures of Federal Awards and the Supplemental Schedule of CalOES is fairly stated in all material respects in relation to the basic financial statements as a whole.

Notes to the Schedule of Expenditures of Federal Awards

#### **NOTE 1 – REPORTING ENTITY**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the County of Inyo (the County), but not its discretely presented component unit, First 5 Inyo County. The County of Inyo reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the Schedule of Expenditures of Federal Awards. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

#### **NOTE 2 – BASIS OF ACCOUNTING**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus applied. The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting for grants accounted for in the governmental fund types and the accrual basis of accounting for grants accounted for in the proprietary fund types, as described in the notes to the County financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowed or are limited as to reimbursement. In addition, the outstanding balance of prior year's loans that have significant continuing compliance requirements have been included in total federal expenditures.

#### NOTE 3 – ASSISTANCE LISTING NUMBERS (ALN)

The program titles and ALNs were obtained from the federal or pass-through grantor. When no ALN had been assigned to a program, the two-digit federal agency identifier and the federal contract number were used. When there was no federal contract number, the two-digit federal agency identifier and the word "unknown" were used.

#### **NOTE 4 – INDIRECT COST RATE**

The County has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

#### NOTE 5 - RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree or can be reconciled, in all material respects, with amounts reported in the related federal financial assistance reports.

#### **NOTE 6 – RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree or can be reconciled, in all material respects, with amounts reported in the County's basic financial statements.

Notes to the Schedule of Expenditures of Federal Awards (Continued)

#### NOTE 7 – PASS-THROUGH ENTITIES' IDENTIFYING NUMBERS

When federal awards are received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County has determined that no identifying number is assigned for the program, or the County was unable to obtain an identifying number from the pass-through entity, the County has indicated "--" as the pass-through identifying number.

#### NOTE 8 – LOANS WITH CONTINUING COMPLIANCE REQUIREMENTS

The County participates in certain federal award programs that sponsor revolving loan programs which are administered by the County. These programs require servicing arrangements with the County. The funds are returned to the programs upon repayment of the principal and interest. In accordance with Section 200.510 of the Uniform Guidance, the County has reported the outstanding balance of loans from previous years that have significant continuing compliance requirements as of June 30, 2024, along with the value of total outstanding and new loans made during the current year.

The programs listed below had the following aggregate, federally funded loans outstanding at June 30, 2024:

Federal Assistance	Duo suo suo Tiklo	SEFA			FY23/24		Financial Statements Balance		
Listing Number	Program Title		ie 30, 2024		Paydowns		Juli	e 30, 2024	
14.239	HOME Investment Partnership Program	\$	380,000	\$		-	\$	380,000	

#### **NOTE 9 – CALIFORNIA DEPARTMENT OF AGING SUMMARY**

The table below summarizes the Federal pass-through expenditures incurred by Title as required by the California Department of Aging:

	Federal ALN	-	ederal enditures	
U.S. Department of Health and Human Services				
Passed through State Department of Aging:				
Title VII Elder Abuse Prevention	93.041	\$	691	
Title VII Ombudsmen	93.042		41,519	
Title IIIB: Supportive Services	93.044		116,134	
Title III, Part C, Nutrition Services	93.045		234,158	
Title IIIE: National Family Caregiver Support	93.052		6,193	
Nutrition Services Incentive Program	93.053		40,736	
Total		\$	439,431

Dollar threshold used to distinguish between Type A								
and Type B programs:	\$750,000							
Auditee qualified as low-risk auditee?	Yes	X No						

Schedule of Findings and Questioned Costs (Continued)

#### **SECTION II – FINANCIAL STATEMENT FINDINGS**

#### Finding 2024-001 – Improper Revenue Recognition (Material Weakness)

#### **Condition:**

During our audit of the County's financial statements for the year ended June 30, 2024, we identified a material audit adjustment related to grant revenue recognition within the Water System Fund. The County recorded \$279,000 in grant revenue, rather than recording it as unearned revenue (a liability). The balance should have been reported as unearned revenue until the funds were spent for their intended purpose.

#### Criteria:

Under Generally Accepted Accounting Principles (GAAP), as established by the Governmental Accounting Standards Board (GASB) Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, revenues from grants should be recognized only when all eligibility requirements have been met. For advance-funded grants, amounts received before eligibility requirements are met should be reported as unearned revenue (a liability) until those conditions are satisfied.

#### Cause:

The misstatement occurred because grant receipts were recorded as revenue upon receipt, without determining whether the eligibility requirements had been met. The County's procedures for reviewing grant terms did not adequately identify the distinction between advance-based and reimbursement-based grants.

#### Effect:

The County's Water System Fund overstated revenues and understated unearned revenue (liability), which required a journal entry to be posted subsequent to receiving the County's final trial balance.

#### **Recommendation:**

We recommend that the County personnel, with responsibility for recording revenue, strengthen their internal controls over grant accounting. Specifically:

- Require that grant agreements be reviewed to determine whether grant funds are advance-based or reimbursement-based.
- Ensure that all eligibility and expense requirements are verified before revenue is recognized.

#### Management's Response:

See Corrective Action Plan.

Schedule of Findings and Questioned Costs (Continued)

#### SECTION III - FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

#### Finding 2024-002 Completeness of the Schedule of Expenditures of Federal Awards

**Condition:** During our audit of the Schedule of Expenditures of Federal Awards (SEFA) for the year ended June 30, 2024, we noted that the SEFA was not complete and required multiple adjustments as certain federal program expenditures were either omitted or not correctly stated.

The following programs were initially misstated and have been corrected:

Federal Assistance Listing Number	Federal Grantor/Pass Through Grantor/ Program or Cluster Title	Ove	Adjustment: rstatement/ erstatement)
93.558	Temporary Assistance for Needy Families	\$	187,141
93.658	Foster Care - Title IV-E		256,860
93.659	Adoption Assistance Program		(137,017)
93.778	Medi-Cal Assistance Program		486,939
	Total adjustment to SEFA	\$	793,923

#### Criteria:

Title 2 CFR Section 200.302(b)(2) of the Uniform Guidance requires that grantees provide accurate, current, and complete disclosure of the financial results of each Federal award or program, which includes expenditures of federal awards of grants that are presented in the SEFA.

#### Cause:

The initially misstated SEFA resulted from insufficient review procedures and lack of reconciliation between the SEFA and the underlying accounting records and grant documentation prior to submission for audit.

#### Effect:

An incomplete SEFA may result in the omission of material federal programs from the audit, increasing the risk that noncompliance with federal requirements may not be detected and reported. Additionally, it may lead to inaccurate reporting to federal agencies and affect the County's compliance with Single Audit requirements.

#### **Recommendation:**

We recommend the County update and review its procedures related to the preparation of the SEFA to ensure that all costs are included in accordance with *Title 2 CFR Section 200.302(b)(2) of the Uniform Guidance*.

#### Management's Response:

See corrective action plan.

**Summary Schedule of Prior Audit Findings** 

#### **FINANCIAL STATEMENT FINDINGS**

# <u>Finding 2023-001 – Other Post-Employment Benefits (OPEB) Deferred Inflows of Resources and Expenses (Material Weakness)</u>

#### Condition:

The County misstated OPEB expenses and OPEB deferred inflows of resources within the governmental activities and the nonmajor enterprise funds.

#### Criteria:

GASB Statement No. 75 (Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions) establishes standards for recognizing and measuring deferred inflow of resources and expenses based on actuarial amounts.

#### Cause:

The County switched actuarial firms; the new actuarial valuation report presented deferred inflows of resources as positive numbers instead of natural classification balances (credit balance). The County misinterpreted the deferred inflows of resources value on the valuation report to be a debit balance and incorrectly reported deferred inflows as a debit amount.

#### Effect:

Governmental activities OPEB expense and OPEB deferred inflows of resources were initially misstated by approximately \$9,181,000. Nonmajor enterprise funds OPEB expense and OPEB deferred inflows of resources were initially misstated by approximately \$109,000.

#### **Recommendation:**

We recommend the County to inquire with the actuarial firm if values on the valuation report are presented as positive numbers or natural classification balances.

**Current Year Status: Implemented.** 

Summary Schedule of Prior Audit Findings (Continued)

#### FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

#### Finding 2023-002 - Schedule of Expenditures of Federal Awards

#### **Condition:**

In preparing the Schedule of Expenditures of Federal Awards (SEFA) amounts applicable to the program noted below required subsequent adjustment after it was identified as being originally incorrectly stated. The County had an overall adjustment to the SEFA for \$400,000 as noted below. We identified this error during our audit and proposed the necessary accounting adjustments to correct the affected account balances as applicable and corrected the final SEFA presentation as well.

Federal Assistance Listing Number	Federal Grantor/Pass Through Grantor/ Program or Cluster Title	Ove	Adjustment: rstatement/ erstatement)
14.239	HOME Investment Partnership Program	\$	400,000
	Total adjustment to SEFA	\$	400,000

#### Criteria:

Title 2 CFR Section 200.302(b)(2) of the Uniform Guidance requires that grantees provide accurate, current, and complete disclosure of the financial results of each Federal award or program, which includes expenditures of federal awards of grants that are presented in the SEFA. Title 2 CFR Section 200.502(b)-(d) of the Uniform Guidance also states certain requirements regarding the reporting of loans on the SEFA, which includes presenting the beginning of the audit period balance of loans from previous years for which the federal government imposes continuing compliance requirements.

#### Cause:

The County erroneously overstated the HOME Investment Partnership Program SEFA balance by \$400,000, which caused the SEFA to initially be misstated.

#### Effect:

As noted in the chart above, the SEFA had one overstatement that initially misstated the SEFA. If not corrected, the County would have misrepresented federal expenditures, both individually and in total, which was not in accordance with the Uniform Guidance.

#### **Recommendation:**

We recommend the County update and review its procedures related to the preparation of the SEFA to ensure that all costs are included in accordance with *Title 2 CFR Section 200.302(b)(2) of the Uniform Guidance*.

**Status:** Not implemented. See current year finding 2024-002.

OFFICE OF THE AUDITOR-CONTROLLER
P. O. Drawer R
Independence, California 93526

COUNTY OF INYO CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2024

		r	
Finding Number	Planned Corrective Action	Anticipated Completion Date	Responsible Contact Person
2024-001	Public Works  We concur with the finding. Department of Public Works failed to identify advanced funding for DWR Grant 4600014980.  Public Works is implementing the following corrective actions:  The department will review all grant documents and flag any advanced funding. In addition,	Corrective action to begin FY24/25.	Mike Errante, Public Works Director

	the department will notify the Auditor- Controller's Office when advance funding is received to ensure the recording is correct.		
2024-002	Health and Human Services  Update Social Services SEFA fiscal procedure to import ledger data from CECRIS (mandated system for reporting Social Services expenditures to CA Dept of Social Services) into the internal workbook, adding formulas to reduce manual entry and balance the internal worksheet to the ledger of expenditures.  Update internal procedure to establish specialized documentation guidelines for each HHS SEFA program area to standardize clear, concise reconciliation to the general ledger.  Establish new requirement for analyst team to add federal expenditures to the SEFA workbook on a quarterly basis, including uploading invoice or other	Corrective action to begin FY24/25.	Lyndsey Garrett, Management Analyst

documentation which demonstrate federal expenditures. Management Analyst will review the workbook and documentation on a quarterly basis.

When new funding streams are received and recognized in HHS budgets, the funding stream will be added to the internal SEFA workbook within one week of the agreement being executed.

At the end of the accrual period, Management Analyst will review expenditures and revenues for all budgets and trusts, ensuring they are documented on the internal SEFA workbook. A comparison of other county audits will be included in this review to ensure all federal funding streams are recognized
