Commission Models Available for 1Win Affiliates

One of the greatest benefits of partnering with 1Win is the flexibility in how you get paid. They offer three primary commission structures:

1. RevShare (Revenue Share)

Under this model, you earn a lifetime percentage of the net gaming revenue generated by the players you refer. This is the ultimate option for building long-term passive income, as your earnings grow continually as your player base stays active.

2. CPA (Cost Per Acquisition)

If you prefer immediate returns (common among media buyers running paid ads), the CPA model pays you a fixed, one-time bounty for every user who registers and meets the minimum qualifying deposit requirement.

3. Hybrid Deals

For experienced marketers and high-volume traffic sources, 1Win offers custom hybrid agreements combining both CPA and RevShare models.
